January 2004

## **Hubbardton Forge celebrates 30<sup>th</sup> anniversary**

2004 marks the thirtieth year in business for Hubbardton Forge. The company's founders, George Chandler and Reed Hampton, began the business creating hand-forged products and selling them at craft fairs throughout the eastern United States. Today, nearly 200 people work at "The Forge," where the time-honored traditions of forging are combined with the best applications of modern technology to create wrought-iron lighting. Hubbardton Forge sells its products to lighting, furniture and gift stores throughout the United States and Canada.

The company is planning an open house for the community and friends in October 2004, to celebrate the anniversary.
