

Press Release

October 1, 2003

Hubbardton Forge is a finalist for the Pinnacle Award for the second year in a row.

The American Society of Furniture Designers (ASFD) named the Hubbardton Forge design team as a finalist for the 2003 Pinnacle Design Achievement Award in Lighting.

This is the second year in a row that Hubbardton Forge has been named one of the three finalists in the lighting category. In 2002, CEO George Chandler won the award for the "Pierced Arc" table lamp.

The purpose of the Pinnacle Awards program is to promote better design quality and encourage the recognition of furniture designers within the retail home furnishings industry. There are fifteen different categories, but only one category for lighting. The award is given at the Pinnacle Awards Ceremony in October, during the International Home Furnishing Market in High Point, NC.
