

Press Release

October 1, 2004

Hubbardton Forge named winner of the 2004 Pinnacle Design Achievement Award in Lighting.

The American Society of Furniture Designers (ASFD) named George Chandler the winner of the 2004 Pinnacle Design Achievement Award in Lighting for the "Fullered Impressions opposed contours table lamp" (27-2678).

This is the third year in a row that Hubbardton Forge has been named one of the three finalists in the lighting category. In 2002, CEO George Chandler won the award for the "Pierced Arc" table lamp. In 2003, the Hubbardton Forge design team received honorable mention for the "Primitive" table lamp.

The purpose of the Pinnacle Awards program is to promote better design quality and encourage the recognition of furniture designers within the retail home furnishings industry. There are fifteen different categories, but only one category for lighting. The award is given at the Pinnacle Awards Ceremony in October, during the International Home Furnishing Market in High Point, NC.
